

Composites

Approved Supplier of Composite materials to aerospace customers.

Boeing Distribution Services is a leading provider of high-performance composite material for the aerospace industry. These aerospace-qualified materials are highly suitable for many interior and structural applications for manufacturing and repair of composite assemblies and components.

The advantages of the of this material are light weight, specific strength and design flexibility.

Our comprehensive range of composites include:

- | | | |
|-----------------------|-------------------------|----------------------------------|
| • Adhesive Films | • Low Density Compounds | • Release Films |
| • Adhesives & Primers | • Metal & Glass Fabrics | • Resins & Filler Materials |
| • Advanced Fibers | • Metal Cloths | • Structural Adhesives & Primers |
| • Bagging Films | • Mold Release | • Tacky & Flashbreaker Tapes |
| • Carbon Fibers | • Peel Ply | • Tapes |
| • Core Materials | • Pre-Peg Fabrics | • Vacuum Processing Materials |
| • Fabrics | • Putty Compounds | • Wall laminates |
| • Honeycombs | • Reinforcements | |
| • Gel Coats | • Release Agents | |

Simplify your supplier base by relying on Boeing Distribution Services for Composite materials:

- One source for more of the parts and products you need
- Conformity with Specifications
- Services reliability and proven quality
- Warehouses strategically located around the world
- AOG support available 24/7
- Dry-ice shipping

This is only a selection of our product range.
