

COMPOSITE MATERIALS

Approved supplier of composite materials to manufacturers and the aftermarket.

Boeing Distribution Services Inc. supplies manufacturers around the world with the resins, fabrics, prepregs, adhesive films, honeycombs and related products and materials used to create composite assemblies and components. That's why AgustaWestland, Airbus, ATR, Dornier, Embraer, Eurocopter, Pilatus and SuperJet have all approved Boeing Distribution Services as a supplier of composite materials to MROs for repairs.

- Adhesives & Primers
- Resins & Filler Materials
- Low Density Compounds
- Metal Cloths
- Tedlar BVF Film
- Fabrics
- Adhesive Films
- Prepregs

Simplify your supplier base by relying on Boeing Distribution Services for composite materials:

- One source for more of the parts and products you need
- Warehouses strategically located around the world
- AOG support available 24/7
- Benefit from Boeing Distribution Services' reliability and proven quality

Contact your Boeing Distribution Services representative for help with all of your composite material needs, or go to BoeingDistribution.com
