

Lighting

A leading provider of aircraft lighting with inventory around the world

Boeing Distribution Services provides lighting products for all major aircraft fleets, including Boeing, Airbus, Embraer and Canadair. Our inventory is strategically located all over the globe to reduce freight costs, delivery time, shipping liability and loss from breakage. Questions about a replacement? Boeing Distribution Services experts can help your supply chain and engineering teams make the decisions needed to achieve the lowest possible total cost of ownership.

Boeing Distribution Services is the valued supplier of aircraft lamps to Boeing commercial aircraft for both production and spares, and an authorized distributor for all of the world's major lamp manufacturers, including:

- Advanced Micro Lites
- Aircraft Lighting International
- CML Innovative Technologies
- General Electric
- Havells Sylvania
- Hoffman Engineering
- Ledvance Sylvania
- Minilampe
- Oshino
- Osram Sylvania
- Wamco

A simple way to streamline your supplier base

- Inventory located around the world reduces risk of breakage, transit cost and lead time
- We partner with manufacturers to provide improved products and cost effective solutions
- Long-life halogen and LED upgrades for many highusage lamps available
- Product support at every price and quality level
- Technical expertise that works with your supply chain and engineering departments
