

# E & H Products

Preferred provider of E & H Laminating & Slitting products

Boeing Distribution Services has partnered with E & H Laminating & Slitting Company to provide our customers with fire-retardant adhesives and foam tubing that meet the stringent standards of the world's leading aerospace manufacturers.

The products are approved to the following specifications:

- BMS - Boeing Materials Specification
- DMS - Douglas Material Specification (Boeing)
- DPM - Douglas Processes Material
- GAF - Gulfstream Aerospace Standard
- GAS - Gulfstream Aerospace Standard
- GAT - Gulfstream Aerospace Standard

Latest revision applies

## A simple way to streamline your supplier base:

- One source for your laminating & slitting products
- Conformity with OEM specifications
- Warehouses strategically located around the world
- AOG support available 24 / 7
- Benefit from Boeing Distribution Services' reliability and proven quality

## Insulation Blanket Tapes

Product Counter	Part Number	Description	Specification
1	E & H #770-3FRD	Tedlar Insulation Blanket Splicing Tape (METALIZED)	DMS 1984 Rev. P Type 6 Class 2
2	E & H #743-MT	Tedlar Insulation Blanket Splicing Tape (METALIZED)	BMS5-157 Type I Class 1 Grade A Fm 1 Comp MPVF; GAT100FR1
3	E & H #753-MP	Metalized PEEK Insulation Blanket Splicing Tape	BMS5-157 Type I Class 2 or 3 Grade A or C Fm 1 Comp. MPEEK
4	E & H #73-2MP	PEEK Insulation Blanket Double Sided Acrylic PSA	BMS5-157 Type II Class 2 or 3 Grade A or C Fm 1 Comp. PEEK
5	E & H #743-T	Tedlar Insulation Blanket Splicing Tape (WHITE)	BMS5-157 Type I Class 1 Grade A Fm 1 Comp PVF; GAT100FR2
6	E & H #743-PI	Polyimide Insulation Blanket Splicing Tape (YELLOW)	BMS5-157 Type I Class 1 Grade A Fm 1 Comp PI
7	E & H #743-DG	Tedlar Insulation Blanket Splicing Tape (DARK GRAY)	GAT100FR3
8	E & H #743-BLK	Tedlar Insulation Blanket Splicing Tape (BLACK)	FAR PART 25.856 (A) and FAR PART 25.853 (A or B)
9	E & H #73-1TD	Two Sided Tedlar Insulation Blanket Splicing Tape (WHITE)	BMS5-157 Type II Class 1 Grade A Fm 1 Comp PVF

Preferred provider of E & H Laminating & Slitting products.

## Insulation Blanket Tapes (continued)

Product Counter	Part Number	Description	Specification
10	E & H #70-1C	Polyester Insulation Blanket Splicing Tape (WHITE)	BMS5-149 Type XI Class 1 & 2 Grade C Fm I
11	E & H #70-1B	Polyester Insulation Blanket Splicing Tape (BLACK)	BMS5-149 Type XI Class 1 & 2 Grade B Fm I
12	E & H #70-OC	Polyester Insulation Blanket Splicing Tape (WHITE)	BMS5-149 Type XI Class 00 Grade C Fm I
13	E & H #70-OB	Polyester Insulation Blanket Splicing Tape (BLACK)	BMS5-149 Type XI Class 00 Grade B Fm I
14	E & H #70-1CD	Two Sided Polyester Insulation Blanket Splicing Tape (WHITE)	BMS5-149 Type XII Class 1 & 2 Grade C Fm I
15	E & H #73-KD	Polyimide Insulation Blanket Splicing Tape (YELLOW)	FAR PART 25.853 (A,B)
16	E & H #770-3FRS	Polyester Insulation Blanket Splicing Tape (METALIZED)	DMS 1984 Rev. M Type 5 Class 1

## Adhesive Films

Product Counter	Part Number	Description	Specification
17	E & H #775-5	Pressure Sensitive Adhesive	BMS5-91 Type II
18	E & H #776 M	Pressure Sensitive Adhesive	DMS 2066
19	E & H #1408-2	Heat Activated Adhesive For Bonding Metal Nameplates	DPM 5634
20	E & H #1409-3	Fire Retardant Low Heat Release Heat Activated Adhesive	
21	E & H #775-3FR3	Fire Retardant Low Heat Release Pressure Sensitive Adhesive	

## Moisture Protection

Product Counter	Part Number	Description	Specification
22	E & H #5-773-4	Moisture Barrier For Corrosion Protection	DMS 2128 Type 1 Class 1
23	E & H # 5-741-DC	Moisture Barrier Disc	DPM 5384

## Foam Tape

Product Counter	Part Number	Description	Specification
24	E & H #1550FR	Special Application Foam	BMS8-39 Type VIA
25	E & H #743-3WF	PVDF Foam with PSA	BMS8-371 Type 1A; GAF100FS5
26	ZOTEK F30	PVDF Foam	BMS8-371 Type 1; GAF100FS4
