A better solution for all of your electrical needs

Boeing Distribution Services is a full-solution provider for a portfolio of electrical products. We can support your parts and supply chain requirements in commercial aviation, helicopter, business aviation and defense sectors.

Boeing Distribution Services can help reduce lead times and costs — and our e-commerce platform, [BoeingDistribution.com](http://BoeingDistribution.com), enables quick, easy 24 / 7 ordering. Boeing Distribution Services also provides full-solution kitting to improve efficiency for your operation. Items in stock and ready to ship include:

- Backshells / Strain Reliefs
- Bonding Jumpers
- Cable Harness Accessories
- Circuit Breakers
- Connectors
- Contactors
- Current Limiters / Fuses
- Lighting
- PCB Components
- Relays
- Sensors
- Switches
- Terminals
- Thermostats

## A simple way to streamline your supply base:

- A single source for all your electrical product needs
- Global inventory positions to reduce product lead times
- AOG support available 24 / 7
- Full-service kitting solutions
